Discussion of Comment:

One comment was received regarding the Federal Register Notice published in the Federal Register on March 5, 2021 at 86 FR 12901. The commenter recommended increasing the form block size. He also pointed out that the time needed to complete the form on the form itself doesn't match the time provided on the agency's supporting statement. USAID considered the public comment and determined that the response box size on the form is adequate. USAID did not find any inconsistencies on the Bio-data form. No changes to the form were made as a result of the public comment.
